

# 1. Project Overview

In this project, we will develop a new website that will represent an organization's portfolio and activities. We are suggested to follow a reference website for the features.

Reference Site URLs:

<https://www.kashifululoom.org/>

**Some features of this website are listed below**

## Home Page

- Top Menu Bar with all items which are required/already used on the reference website.
- Dynamic photo slider banner.
- Sections: Welcome message, Project overview, About us, Donation, Available courses, Media section
- Footer with some quick links and social links.

## Teachers Page

- List of all teachers with their professional details.

## Donation Page

- Donation/Payment with Paypal/Credit Card

## Hifz of Quran Page

- Course description with related image.
- Prospectus, Academic Calendar and Contact us button

## Alim Course Page

- Course description with related image.
- Prospectus, Academic Calendar and Contact us button

## FB Post Page

- Connect to the Facebook Page and update the posts dynamically.

## Contact Us Page

- Organization address, google map and contact details
- A dynamic Contact form through which anyone can send a message to the site admin/owner.
- Some social links

## 2. Software & Technology

- WordPress CMS as the base of this web app.
- Front-end: HTML, SASS, Bootstrap-4/5, JavaScript .
- Database: MySQL.

## 3. Milestones and Reporting

Milestone	Tasks	Reporting Time
1st	Proper requirement analysis	1 days
2nd	Frontend Design and Layout correction	3 days
3rd	Homepage Design	2days
4th	Pages ( Teachers, Hifz of Quran, Alim course )	2 days
5th	Pages ( FB Blog, Contact Us )	2 days
6th	Donation Page/section and Payment gateway integration	2 days
7th	Testing, minor change, deployment	2 days

**Total estimation of budget: AU\$ 500 (Five Hundred AUD only).**

**Total estimation of time: Around 14 working days.**

**Note: For additional requirements, clients have to pay additional charges based on their requirements.**
